#### TAFT ENDORSED

By Kentucky Republicans—State  
Convention April 10th

Yesterday at Louisville the Republican State  
Central Committee endorsed President Taft  
for re-election and firmly sat down upon Siler  
and Combs, the two leading soreheads who are  
fighting Taft.

#### WELSH WILL ACT AS CHAIRMAN

G. W. Welsh of Danville, vice chairman,  
will remain at the head of the committee until  
it is reorganized, following the State Conven-  
tion, as no attempt was made to elect a suc-  
cessor to fill Judge R. H. Winn's unexpired  
term as chairman.

The committee fixed April 10th as the date  
for holding the State Convention to elect Ken-  
tucky's four delegates-at-large to the National  
Convention. Louisville is the place.

County mass conventions will be held April  
6th.

#### KICKERS' CORNER

If any one at any time for any reason has  
any reason to "kick" in any way at anything  
of any kind, here's the place to say his say.  
The door is open—walk right in and help  
yourself, free gratis and for nothing—but  
don't make your "kicks" too long—it's the  
short, quick fellows that count—and out.  
The name of the kicker must accom-  
pany the kick, or it'll be kicked into the  
waste-basket.

Mr. Ledger: You ask:  
"What has become of the old lady who  
carried her hymn book to Church?"

Also, "What has become of the old-fashioned

very old either—not yet 70 years of age. Re-

## Linen Information

## That Will Interest You.

About midway between Brussels and Boulogne, and lying  
partly in Belgium, partly in France, is a strip of territory that pro-  
duces probably the finest flax in the world. You know one name best  
—Courtrai—and the flax that's grown there is woven, not only in Bel-  
gium, but in every linen-making country, into the best, clearest,  
finest of linen.

And the Belgians are just as expert in weaving table linens as  
they are in growing the flax. Splendidly honest, substantial, dura-  
ble, good-looking linens they are too, and not high-priced.

A special line of these table linens came to us in exclusive de-  
signs. We can recommend them unreservedly for their satisfactory  
qualities.

Colonel Perry, the veteran editor of the *Sun-Sentinel*, pretends to see the thing on the wall and and counsels against the renomination of President Taft. He avers that with the people in their present temper the President cannot be re-elected.

We agree with our venerable contemporary that such would have been the case a year ago when a Democratic House was swept in on a landslide, which, in a small measure, was a repudiation of the Taft administration, but more so a revolt against the encroachment of the money powers in the Senate. We differ, however, with the colonel regarding the foolishness of Taft's renomination. He is the only logical man the Republicans can put upon. He has made the best Chief Executive we have had in years, considering the circumstances with which he has had to deal. No man has ever honestly tried to be more worthy of his trust. In our opinion it is a suicide for the Republicans to refuse renomination.

Four years ago we espoused the cause of Mr. Fairbanks. Colonel Perry, we believe, very ably assisted the Federal office holders to secure Kentucky's instructions for Taft, who was the then "steam-roller" candidate of Roosevelt. The unpopularity of President Taft in the first few years of his administration was caused chiefly by the sudden change from a "broncho-busting" radical, whose spectacular performances had completely captured the administration of the galleries, among the candid, to a safe and sane conservative who at first the mass of people could not appreciate. We admire Colonel Roosevelt, whom the editor of the *Sun-Sentinel* proposes as the successor of Mr. Taft, and do not agree with many who claim that his career of usefulness has ended. Mr. Roosevelt will be a factor in American affairs for many years to come, but not as a dictator. The fact that Colonel Roosevelt dictated the nomination of Taft before, seems to lead Colonel Perry to believe that his power in that direction has not waned. But it has.

Colonel Perry had just as well settle himself to accept the inevitable and take the same dose he helped administer to the Fairbanks men four years ago. As a consolation tonic respectfully refer him to Colonel John A. Joyce's poem, "It'll All Come Home To You."—Mt. Sterling Gazette.

The Oil Trust has been brought low, but oil itself has gone up.

It looks like Banker Morse had been "possuming" these groundhog times.

Since Morse has returned from the Penitentiary he ought to be known as R. E. Morse.

There are said to be eleven Governors for Roosevelt. Stubbs of Kansas, heads the list. Nuf sed.

When the mercury gets into the ninety's next summer we may perhaps pant for a groundhog day.

It costs a man near about as much to go to some one else's wedding these days as it used to in olden times, to go to his own.

### Foolish Philosophy.

AGENTS have sucker lists, which they trade with each other. Is your name on a sucker list?

Some women are so thin that there is hardly enough of them to dress.

I have a longing to live in Germany. Germans say man is as good as a woman there.

Some men don't fuss for a long time about kin and company, but finally the best of them get at it.

A woman I know is mad at her husband. She isn't jealous; his offense was that he said he couldn't tell his rubbers from hers.

Some mothers should really think twice before naming their babies; some of the names are awful.

After it is positively known that a man is rich people begin saying to him that they never did and never will bow down to the Golden Calf.

Account the sweetest thing in the world is the way little girls love their kin. Any kind—uncle, aunt, grandfather or cousin—is dear to a little girl.

"Rip Van Winkle" is very popular in literature; but what a nuisance he was in the village of Falling Water; what a trial he was to his industrious wife.

It is a big joke on a man of twenty-five or thirty to be sued for breach of promise of marriage; but if he is seventy news of the of the breach-of-promise suit is sent out by telegraph that the world may enjoy it.

ALL SOUNDED ALIKE.

#### Exchange.

Sam Bennett was acting city editor of the early edition of one of the New York evening papers which gets on the street at 9 a. m. One morning, just before press-time, a bulletin came in saying Charles Schwab had just been made President of the Steel Trust, at a salary of a million dollars a year. Bennett reduced it to a paragraph, put a one line head over it and stuck it on an inside page. When the regular city editor came down he almost had a fit.

"Good land, man!" he stormed. "Why didn't you smear that story all over the first page, with a big head over it? Don't you know that a young man getting a salary of a million a year makes a good story?"

"Boss," said Sam, "after it gets above forty dollars a week it all sounds alike to me!"

That was the week Bennett's salary was not raised.

Col. J. Barbour Russell was a visitor to Flemingsburg yesterday. The merchants of Mt. Sterling have formed a Merchants' Protective Association.

### Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopoeia and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandarin and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

## PROMINENT PEOPLE

### BREAKS AN AVIATION RECORD

All American records for the carrying of passengers in a heavier than air machine were smashed the other day, when George W. Beatty, operating a biplane, carried three persons with him in the air above the Nassau Boulevard Aviation field, New York, and flew over Belmont Park, Garden City and Mineola for fifteen minutes. The wind beat against the sides of the fragile machine, rocking it dangerously, and the cold was intense, but Beatty did not come to earth until he was confident he had done more in one branch of aviation than has any other man in this country. A smooth, graceful descent to earth marked the finish of the trip.

It was said by several men who saw the flight that Beatty flew with his three passengers more than sixteen miles. Leo Stevens, an aviator, placed the distance, however, at approximately ten miles, saying no man could fly with a burden of three passengers further than that in the time passed by Beatty in the air under the existing conditions.

After the flight Beatty, when speaking to a reporter, said he had marked the actual time passed in the air as twelve minutes and the distance covered as approximately eight miles. He could not be sure of the number of miles, he said, as all his attention had been attracted to guiding the machine. Even at ten miles Beatty's trip is considered remarkable. To appreciate more clearly the difficulties under which the trip was made it must be understood that the combined weight of the four passengers in the biplane was 544 pounds, and that the machine itself weighs 900 pounds.

Beatty's three passengers were: Dr. A. G. Belden of Terre Haute, Ind., and Herbert Pratt and John Findlay.

### BADEN-POWELL IN AMERICA

Sir Robert Baden-Powell, founder and chief scout of the British Boy Scouts, who arrived in New York a few days ago to visit the Boy Scouts of America, is one of the British heroes of the Boer war, having earned his fame by his brilliant defense of Mafeking.

In fact the history of Baden-Powell's life is packed with incidents of daring. When only nineteen he entered the army, being appointed a sub-lieutenant of the 13th Hussars, a crack cavalry regiment and being sent to India.

From India he was sent to South Africa and participated in the Zulu-land operations in 1898. From there he went to Malta for three years and in 1896 he was ordered to Mafeking and from there made many scouting expeditions to various parts of the country.

Among his feats that stand out in the course of the defense of Mafeking was the engagement on May 12, 1900, when the Boer besiegers, knowing that relief was on the way to the garrison, made their final desperate attempt to storm the town. But Baden-Powell's men, who for months had kept themselves alive on mule soup as a staple diet and locusts as luxuries, after fourteen hours of fighting, out maneuvered and totally defeated the Boers. When Mafeking was relieved five days later the people of this country joined with those of England in hailing Baden-Powell as a hero.

Ever since retiring from the army Baden-Powell has given his time to organizing the boy scout movement, which in England has received official recognition. An army of boy scouts last July was reviewed by King George and Baden-Powell was publicly commended for his work.

### NEW MINISTER TO PORTUGAL

Cyrus E. Woods of Greensburg, Pa., will be nominated for the office of United States Minister to Portugal, according to announcement made by Secretary of State Knox the other day. Mr. Woods will succeed Edwin V. Morgan, who has been promoted to be ambassador to Brazil. Senators Penrose and Oliver endorsed Mr. Woods for a diplomatic post, and Secretary Knox was quite willing to make the appointment. At first Mr. Woods was considered for the vacant embassy at Rio de Janeiro but there were reasons why it was considered best to send a man of experience to that post and consequently Mr. Morgan was chosen and Mr. Woods appointed to his place. The salary of minister to Portugal is \$10,000, and the place is considered a very desirable one.

Mr. Woods served in the Pennsylvania legislature from 1901 to 1908 and part of that time was president pro tempore of the state senate. He is now general counsel for the Pittsburgh Coal Company. His nomination probably will go to the senate on Monday.

### BISHOP OF ALASKA RETURNS

Church bazaar have proved a success in a land where churches, except of the most primitive kind, are unknown.

Right Rev. Peter Kimball Rowe, Bishop of Alaska, who arrived in Chicago recently, received a wireless telegram while en route telling of the success of a bazaar held within the shadow of the arctic circle.

The message read: "Camp Iditarod, Alaska—Bazaar just finished. Receipts, \$1,782. Temperature, 72 degrees below."

Bishop Rowe came from Alaska for the express purpose of making a plea for the Indians to President Taft. He spent several days in Washington and says he is well pleased with the result of his mission.

For sixteen years he has been tramping the snow fields of Alaska, ministering to white Indian and Indian alike.

"To preach the gospel in Alaska one must train for the task," said Bishop Rowe after he had been prevailed upon to relate some of his experiences. "Before I start out on one of my trips to visit the mission, I go into training around the home camp. I climb the mountains, run a few miles at a time until I have increased the distance that I can easily run to ten or more miles and then I come home and skip rope. When we start out, I always take a native companion. . . . and a dog sled loaded with provisions."

### KY. AND OHIO

Serve As a Dumping-Ground for Other States

Twenty-six States have recently enacted laws requiring those who profess to fit glasses to show that they are competent.

Those not able to pass the examinations are moving to States where no examination is required. Kentucky and Ohio have no laws regulating the practice of optometry, therefore there are many of the incompetent opticians of other States working these States.

### HEED THE WARNING

#### MANY MAYSVILLE PEOPLE HAVE DONE SO

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first signs of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brok-dust" sediment and painful in passage. Sluggish kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and rheumatic twinges. Doan's Kidney Pills are for the kidneys only.

Maysville people recommend Doan's Kidney Pills.

Mrs. John E. Buros of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their praise some years ago. I was subject to attacks of kidney trouble and at times the pains in my back were so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and I have had no serious return attack of kidney trouble. On some occasions, I have felt a slight backache but a few doses of this valuable remedy have never failed to benefit me."

For sale by all dealers. Price 50 cents. Poster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### DIRT MOVERS

Knoxville Firm Lands Million and a Half Contract—Engineer Jones of Maysville in Charge

Knoxville Tribune.

On Thursday the L. and N. Railway Co. let to the firm of the Thrasher, Gunter Co., a million and a half proposition at Blount Springs, Ala. The work consists of two large tunnels and about fifteen miles of the heaviest grading in the South. This is a part of the double tracking system of the L. and N. The President, Mr. M. H. Smith and his assistant, Mr. Peyton, have again displayed their very good judgment in the selection of this firm to carry out the execution of this difficult construction.

It is estimated that in the past six years the dirt movers of Knoxville have been paid \$15,000,000, and it is no idle boast to say that Knoxville has more good contractors than any city of its size in the United States. These men are producers and every citizen should be proud of this coterie of gentlemen and should justly boost their game.

Thrasher, Gunter Co. are probably the youngest combination as a firm, but one of the oldest in point of experience in construction. This firm has been organized a little over two years, and has been one of the most successful in the State for that period. They are just completing a large contract at Covington, Ky., for the L. and N. Railway, a part of which was the reconstruction of an old tunnel which was the most difficult operation imaginable, but this work has been practically completed to the thorough satisfaction of the railroad.

Mr. E. E. Jones of Maysville, who is with this firm will take charge of the tunnel work himself. He was the builder of the Lookout Mountain tunnel, which was a great undertaking. He has the reputation of being the greatest underground engineer in the country. He also built the Lynchburg tunnel, which was given up by experts, saying it was impossible to be rebuilt after the fire. He also worked on the California Waterworks in Cincinnati, O. Mr. Jones is a Maysville man and has many friends here. He bids us all goodbye next Wednesday when he leaves to take up his work in Alabama.

### FRAUDS OF MEDIUMS

Prof. Hyslop Says They Are Committed Unconsciously By Subjects

New York American

In discussing Mme. Eusepia Palladino, the Italian medium, who arrived here Wednesday, and her spectacular work abroad, Prof. James H. Hyslop, Secretary of the American Society For Psychical Research and the best known authority in America on "spiritistic" phenomena declared last evening that many so-called mediums commit fraud without being aware that they are doing so.

Prof. Hyslop said that such mediums fooled themselves without knowing it. Their deceptions are perpetrated when they are in a "sub-conscious" state. He referred to the true mediums as doing "supernormal" work and asserted that there is all the difference in the world between the "sub-conscious" and the "supernormal."

"I recently investigated a peculiar case in a Western city," said he. "The woman practiced fraud without knowing that she did so. We held her hands and feet and yet she was able to shake a tambourine. While that was going on we took a flashlight photograph and discovered that she was holding the tambourine between her teeth. She was in a 'sub-conscious' state, and did not know that she was trying to deceive us."

"I hardly know what name to give such practices. It was what you might call a 'sub-conscious' fraud. Her real self was not responsible. We could not blame her for the deceptions any more than we could hold a sleepwalker responsible for his acts."

"There is a wide difference in mediums, and each individual must be tested. To thoroughly determine if Mme. Palladino does 'supernormal' work would require from 150 to 200 sittings. It would take years to do that properly."

"It would be an easy matter to write ordinary questions and receive ordinary answers. The mediums from the subconscious can tell us things that we already know, but the true mediums disclose things beyond ourselves and that is what we call 'supernormal'."

Prof. Hyslop said that he had tested the work of scores of mediums, but was not prepared to classify them. Their work is sometimes successful and sometimes unsuccessful. Even true mediums are sometimes caught in deceptions.

## THESE SIX LETTERS From New England Women

Prove that Lydia E. Pinkham's Vegetable Compound Does Restore the Health of Ailing Women.

Boston, Mass.—"I was passing through the Change of Life and suffered from hemorrhages (sometimes lasting for weeks), and could get nothing to check them. I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) on Tuesday, and the following Saturday morning the hemorrhages stopped. I have taken them regularly ever since and am steadily gaining."

"I certainly think that every one who is troubled as I was should give your Compound Tablets a faithful trial, and they will find relief."—Mrs. GRONER JURY, 802 Fifth Street, South Boston, Mass.

### Letter from Mrs. Julia King, Phoenix, R.I.

Phoenix, R.I.—"I worked steady in the mill from the time I was 12 years old until I had been married a year, and I think that caused my bad feelings. I had soreness in my side near my left hip that went around to my back, and sometimes I would have to lie in bed for two or three days. I was not able to do my housework."

"Lydia E. Pinkham's Vegetable Compound has helped me wonderfully in every way. You may use my letter for the good of others. I am only too glad to do anything within my power to recommend your medicine."—Mrs. JULIA KING, 802 Fifth Street, Phoenix, R.I.

### Letter from Mrs. Etta Donovan, Willimantic, Conn.

Willimantic, Conn.—"For five years I suffered untold agony from female troubles causing backache, irregularities, dizziness, and nervous prostration. It was impossible for me to walk up stairs without stopping on the way. I was all run down in every way."

"I tried three doctors and each told me something different. I received no benefit from any of them but seemed to suffer more. The last doctor said it was no use for me to take anything as nothing would restore me to health again. So I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do, and by taking seven bottles of the Compound and other treatment you advised, I am restored to my natural health."—Mrs. ETTA DONOVAN, 763 Main Street, Willimantic, Conn.

### Letter from Mrs. Winfield Dana, Augusta, Me.

Augusta, Me.—"Lydia E. Pinkham's Vegetable Compound has cured the backache, headache, and the bad pain I had in my right side, and I am perfectly well."—Mrs. WINFIELD DANA, R.F.D. No. 2, Augusta, Me.

### Letter from Mrs. J. A. Thompson, Newport, Vt.

Newport, Vt.—"I thank you for the great benefit Lydia E. Pinkham's Vegetable Compound has done me. I took eight bottles and it did wonders for me, as I was a nervous wreck when I began taking it. I shall always speak a good word for it to my friends."—Mrs. JOHN A. THOMPSON, Box 3, Newport Center, Vermont.

### Letter from Miss Grace Dodds, Bethlehem, N.H.

Bethlehem, N.H.—"By working very hard, sweeping carpets, washing, ironing, lifting heavy baskets of clothes, etc., I got all run down. I was sick in bed every month."

"This last Spring my mother got Lydia E. Pinkham's Vegetable Compound for me, and already I feel like another girl. I am regular and do not have the pains that I did, and do not have to go to bed. I will tell all my friends what the Compound is doing for me."—Miss GRACE B. DODDS, Box 133, Bethlehem, N.H.

### For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills.

No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

### TAUGHT SIXTY YEARS

At Cynthia Mrs. Louise Delling, 89, died from the infirmities of old age. She was the wife of the late C. T. Delling.

Mrs. Delling began teaching school in Cynthia when she was only 16 years old and taught until she was 80.

She was highly respected and a devoted Church member.

### THEY INJURE CHILDREN

Cathartics and Pills and Harsh Physics May Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics, and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea, and distressing after-effects, and may actually injure the health, thus establishing a life lasting annoyance.

I personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. I have such faith in the virtues of this remedy that I sell it on my guarantee of money back in every instance where it fails to give entire satisfaction, and I urge all in need of such medicines to try it at my risk.

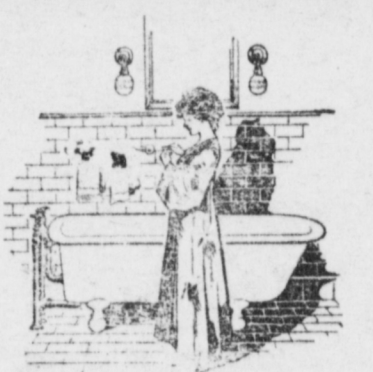

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night, do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in my opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages; 12 tablets, 10c, 36 tablets, 25c, and 80 tablets, 50c. Remember, you can obtain Rexall Remedies, this community only at my store—The White Palace Store, Thos. J. Chenoweth, 115 W. Second street.

Deafness Cannot be Cured  
by Local Applications, as they cannot reach the dis-  
eased portion of the ear. There is only one way to  
cure deafness and that is by constitutional reme-  
dies. Deafness is caused by an inflamed condi-  
tion of the mucous lining of the Eustachian tube.  
When this tube is inflamed you have a rumbling  
sound in perfect hearing, and when it is entirely  
closed, deafness is the result, and unless the in-  
flammation can be taken out and this tube re-  
stored to its normal condition, hearing will be  
destroyed forever; hence a cure of tenacious deaf-  
ness by Catarrh, which is nothing but an inflamed  
condition of the mucous surface.  
We will give One Hundred Dollars for any case  
of deafness (caused by catarrh) that cannot be  
cured by Hall's Catarrh Cure. Send for circulars
